

"Accessories" Beaded Purse

Issue 58, page 11

It has come to our attention that the purse frame used for this design is discontinued.

To confuse the matter, Lacis do have a similar, but larger frame available, under the same catalogue number LV63. It is 4.75" (12cm) wide at the base. We have adapted the design to fit this frame.

Bead quantities are altered (see right).

The red line on the chart is the original chart, the black line surrounds the revised, larger version.
